

Cybersecurity Level 1

Provided / Operated by:

Calderdale College

The Level 1 award in cybersecurity is a single-unit, bite-sized 6-credit qualification at learners aged 19+ with no prior entry requirements. Learners explore key concepts like cybercrime, routine online threat protection, vulnerability and penetration testing basics, and user access control. It forms a strong foundation in digital safety, ideal for both personal development and early career relevance. Various Start Dates...
